### [It's a different look but the same information!](#)

Our newsletter format has changed, as we have transitioned to a new patient correspondence service. You will now be receiving our newsletter and any other important patient informational emails in this format. This gives you access to:

- \* Email Appointment Reminders
- \* Text Message Reminders
- \* Requesting Appointments Online
- \* Online Reviews
- \* Referral of Your Friends

You are also able to "customize" the way you receive your communications. If you haven't already set your preferences, take the time to do that now by clicking on the "Update" button at the bottom of this newsletter.

### [Referral Incentive!](#)

Now through December 31st, you will not only receive 2 free movie tickets for each new family or individual that lists you as their referral contact when they complete their first visit, but your name will also be entered into a drawing for a \$100.00 gas card. The winner will be announced January 5, 2010 (a great way to start the New Year)! We appreciate your sending family and friends our way.

### [Big News of a Big Baby Boy!](#)

We are excited to announce that Dr. Katie Bridges and her husband Brian are the proud parents of a new baby boy. William Hunt Bridges made his debut into the world on October 2, 2009. "Will" weighed 7 lbs., 11 oz. and measured 21" long. We look forward to welcoming Dr. Bridges back to the office in mid-November!

### [Reminder to "Fall Back!"](#)

Don't forget to set your clocks back this coming Saturday evening and enjoy that extra hour of

sleep...but, did you know that, contrary to popular belief, no federal rule mandates that U.S. states or territories observe daylight saving time?

As a matter of fact, people in Hawaii and most of Arizona (along with the U.S. territories of Puerto Rico, American Samoa, and the Virgin Islands) will do nothing. Those locales never deviate from standard time within their particular time zones.

Have a GREAT day and remember...your smiles make us smile!
