

Towards the end of each year, we like to remind our patients to get the most out of insurance benefits before the new year begins. No dental insurance plan allows you to carry unused benefits over to the next year; therefore, any benefits that you do not use this year are lost forever.

Our records indicate you have \$500.00 or more of unused benefits for this year. We have an interest-free financing option for the portion of your treatment not covered by insurance.

You may have treatment we recommended but has not been completed. If you give us a call now, we will be able to schedule the needed treatment this year and not let those benefits go to waste.

This is also the time of year that many can declare Medical Spending plans for 2007. If you have dental work that will be needed, or you want to have some esthetic smile enhancement, it may be in your best interest to have a thorough dental exam so you can best recoup the tax savings on your desired dental treatment.

Remember, don't forget to use 2006 Medical Savings plan benefits prior to the end of the year!

Sincerely,

Dale Hunt, DDS
Allison Workman, DMD
M. Levi Hunt, DMD
